

FUNDRAISING FOR Violet

VIOLET is the granddaughter of David & Suzette Jeapes. She is a beautiful, courageous, clever and smiley 4 year old. Violet has Cerebral Palsy and very complex medical needs. She needs round the clock care, takes daily medication and needs equipment to walk, play and stand. Everything is hard and each day brings new challenges - some successes, many failures and stresses. Violet's parents continue their fight for Violet, but one of their biggest worries is finances. There are so many things that Violet needs now: a Sensory Room where she can learn and grow, walkers, chairs, buggies as she gets bigger...the list is long and ongoing. Please give generously - an anonymous benefactor will match every Euro raised.
